

Part No. JCK-BD

The Bull Dog

A Lift Module Transporter

SAFETY

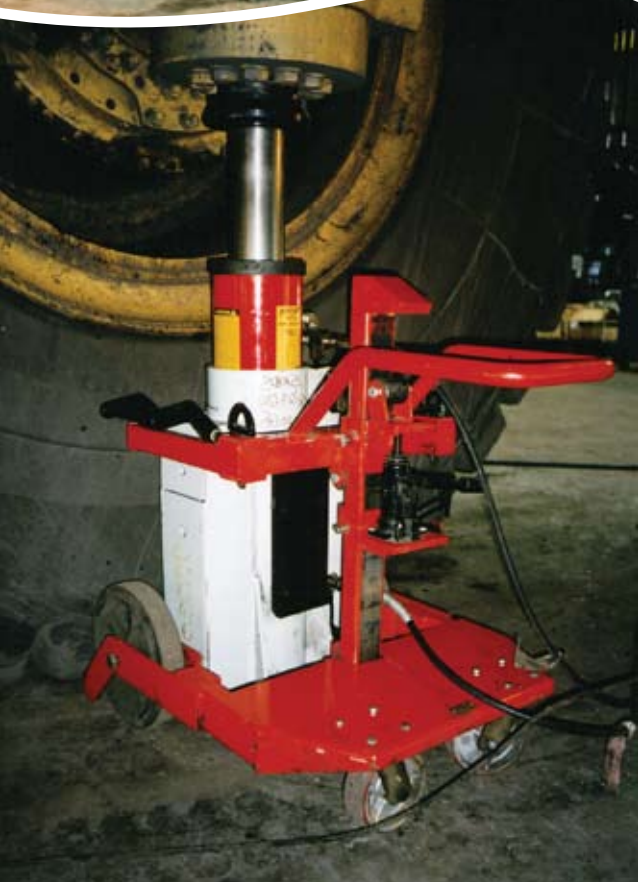

The proper capacity and height Lift Modules can be easily positioned under 'difficult to access' jacking points.

VERSATILITY

Bulldog can maneuver 60, 100, 120 and 175 Ton capacity Lift Modules.

VALUE

With the Modular Jack System you can lower your overall jacking cost by reducing the number of Lift Modules needed. **Ask us HOW!**
