

# Identify Tire Problems Early And Save The Tire!

Increase Tire Life And Reduce Costly Down Time!

## Pressure Temperature Gauge

Global Mining Products is pleased to announce the addition of the (P/T) Pressure Temperature Gauge to our list of high-quality products.

Specifically designed and developed as a simple, reliable and fast reading Tire Pressure and Temperature Tool. The Temperature Gauge is constructed of a special material which minimizes temperature transfer for an accurate tire temperature reading

### Tire Gauge features:

- 0-160 PSI - Red Line at 135 PSI
- Protective Rubber Boot
- Lever Air Release
- Easy to Read Glow in Dark Face
- Quality Construction
- Accuracy +/- 1% of Full Scale

### Pressure Temperature Gauge features:

- Light weight Quality Construction
- Special Material allows for Limited transfer of outside temperature.
- Accurate contaminant resistant Gauge
- Easy to read Temperature and Pressure Gauges
- Temperature probe is reads quickly
- Easy to use
